Russia miserable

A good insight on the hopeless state of Russian modern society. Integrity and good can be found only in interpersonal relations, not in social institutions which are totally corrupted. The movie is a little bit slow, but still catching.

Wow, the movie is much better than I expected

I never read the book. Maybe that's why I really enjoyed the movie. It's maybe the best Russian movie I saw in the last several years.

The first two opening sequences are enough to watch to get a representation of the mediocrity of a movie.

The first two opening sequences are enough to watch to get a representation of the mediocrity of a movie. You can smell rotten fish from the first minutes.

A leading actor Sasha Petrov is thirty years old and looks thirty-five, so when he is represented to us as a young student it is simply implausible. "A junkhead who deals drugs living with his mom" that I would believe. And it's just the start.

The lack of decent introduction of an antagonist played by another nohow actor Ivan Yankovsky leaves the same feeling of being tricked. The whole 'night club sequence' looks both poorly acted

One if the best dramas

An emotional film, a great character.. One of those rare rare movies you really want to see how it turns out for the boy. Something Western cinematography cannot do anymore.

Great storytelling, cinematography and acting

Loved this movie as it keeps you guessing how the movie would unfold at the end. The moral of the story and the plot unwinding from a simple beginning is superb. Well crafted and tense from beginning to end. This is a movie to watch if you like Gone Baby Gone and Drive

Russian action movie at its best !

Will keep you glued to your seats.

Very nice movie

The storyline unfolds with a captivating blend of mystery and drama, introducing us to a world filled with complex characters and unforeseen twists. Without divulging spoilers, the movie's plot masterfully weaves together various elements, creating a tapestry of suspense that keeps the audience guessing until the final scenes.

The cast delivers commendable performances, breathing life into their respective roles. Standout acting and on-screen chemistry contribute significantly to the movie's success. Each character's portrayal adds depth to the narrative, creating a compelling and immersive viewing experience.
